## PRINCIPAL'S REPORT

Welcome to Week 9! It is hard to believe we only have this week and next week left in Term Three. Last week we held the Year 8 into Year 9 Subject Selection Evening, and I would like to thank those parents and students who made the time to come and discuss future subject choices.

We also had our Year 11 and 12 students attend the RAP Study Day in Barellan on Friday. This was an excellent opportunity for Year 12 to meet with their teachers one last time before they commence the HSC Exams in early November. It was also great for Year 11 students to meet up with staff prior to the commencement of the end of preliminary exams, starting this Thursday.

Last week Year 6 and Year 10 completed the VALID science tests and we look forward to hearing of our student's success in the coming weeks.

This week we are having our first rehearsal for The Muppets Musical on Wednesday. Students will get the opportunity to practise in the town hall and finalise their acts. We look forward to the musical, which will be held on Wednesday the 26<sup>th</sup> of September.

This week on Thursday we also have Stage 4 engaging in a Video Conference with South Korean Students discussing Interconnections In the World. This is an exciting opportunity that will also be available for Stage 3 later in the Term.

Our Primary Industry students will also be attending Henty Field Days on Tuesday as a part of an extra-curricular excursion. As the weather starts to warm up, I would like to encourage and remind students to be bringing their hats to school. Enjoy Week 9 and we will see you at the Week 10 Farewell Assembly for Year 12.

### Stage 5 Science

Last week in Science, students were preparing for their examination in Week 10. Students consolidated their understanding of characteristics of acids and bases by testing the pH of a series of different substances. Students also investigated how concentration, temperature, the use of a catalyst and volume affects the rate of reaction. Students had the opportunity to select a variable to measure and record their results (see collage).

### Stage 4 and Stage 5 Agriculture

Well done to all of the students in Stage 4 and Stage 5 Agriculture whose entries received first prize in the Ardlethan Show last weekend. Students won first prize for their pumpkin, lettuce, cabbage and radishes. Students also won the most successful Agricultural Exhibitor. I am very proud of their commitments to their Ag plots. Keep up the great work (see collage).

Mrs Tidd

### Stage 4 and 5 PDHPE and PASS

This Term in Stage 4 PDHPE we have been studying Nutrition and Eating Habits. As a part of their assessment task students have been researching the impact of excessive long term consumption of salt and sugar. In doing this, we researched some of our favourite sweet and savoury treats. Students were surprised to find just how much sugar and salt we consume when we enjoy our “sometimes” foods. The collage at the back of the newsletter shows the actual sugar content of a single serve of some of our favourite sweet treats and drinks. Stage 4 have discovered that even by indulging in one sweet treat a day we may be putting ourselves in the excessive sugar consumption category. This was a scary discovery when we discussed the impact on our lifestyles.

Stage 5 PDHPE have been working hard on learning all about road safety and road rules that apply specifically to them as Provisional and Learner Drivers. Stage 5 have been surprised by some of the road statistics for young people and researched ways we can address the common issues for young people on the road. Stage 5 have worked hard this term with an in class assessment item every fortnight since Week 6. They have applied themselves with diligence to these tasks and should be commended on their effort.

Stage 5 PASS have been building on our Term 2 Coaching unit by delving into the realm of Fundamental Movement Skills. This topic has allowed us to consider a variety of concepts including the

breakdown of skills and how we can transfer skills both positively and negatively in sport. Last week we enjoyed the sunshine on Thursday and practised our High Jump skills. We applied what we have been learning in class to breakdown the skill and apply new techniques.

<b>10. General Business</b>	<p>Transition to school has commenced with preschoolers having tried on uniforms and placed their orders with Carol. It has been suggested that Kinder Connections Team pick up the running of this try-on session in the future (within school grounds) as they can cover other introduction processes during this time. It was also noted that Kinder Connections need to assist new parents and students in regards to placing canteen orders and approaching the canteen directly to purchase food and drink.</p> <p>Damien Little has finally contacted Joel Fairman to say our site at the Warbirds Weekend is approved. We have confirmed he charges 5% of profit.</p> <p>Ellen is to look into a Facebook page for Ariah Park P&amp;C.</p>	Ellen

Ariah Park Junior Cricket is again running competitions for all age groups for the 2018/19 season. Participation is open to both boys & girls in all ages.

This year Ariah Park will be hosting a local Junior Blast cricket (formerly Milo Cricket) session on Thursday (*this is a change from Friday*) afternoons after school.

This year the program will initially be for Term 4 only.

This year a South West Junior League competition has been planned for Under 13's (formerly Primary Cricket) and Under 16's (as per last year). This is a Saturday morning competition involving Ariah Park, Temora, Harden, Boorowa, Young & Cootamundra. The Under 13's will limit travel by dividing the towns into two groups with our games mainly being at home and Temora.

In addition, a Thunder Girls League (ages 10-17) has been commenced, this will be in Temora on a Wednesday night. Participants from all towns are welcome.
