KEY DATES

Term 4

Commences
Tuesday 5 October

Principal's Report

Dear Families,

What an exciting end to the term as we come back to school for Week 10. It was wonderful to see the students returning to school this morning, looking so excited to be back for the last 5 days of Term 3. To celebrate our students returning and the end of the term, teachers may run fun activities for students on Friday. On Thursday morning, we will be running a free BBQ for all students where they can enjoy a bacon and egg roll. Unfortunately, we will not be able to run our normal end of term Whole School Assembly. For the rest of the week students will be in class, getting back into their learning. Don't forget to return completed work packs for marking. If you also received other equipment from the school to support learning, don't forget to return that as well. While it is exciting to be back with face to face teaching, we would like to thank every parent for their commitment to your children and the wonderful work you did supporting them while learning from home was in place.

As we return to school, it is important that every child, in every class, gets back into the routine of attending school. We have ambitious goals to improve attendance to above state average levels. This is because students' results have been shown to be strongly linked to being at school every day. By ending this term coming to school every day, we are creating a great foundation for the start of next term. If your child needs support in returning to school, contact our office so that we can help.

Returning to school, we are operating under Level 3 restrictions for schools. For everyone's safety we are required to minimise visitors to the school as well as stop a number of normal school activities. Information about Level 3 restrictions has been posted on our app and Facebook page. For the full outline of what Level 3 means please go to <https://education.nsw.gov.au/covid-19/advice-for-families/level-3-schools>.

For the safety of staff and students, we are asking everyone to come to school, unless they are sick. The advice states “Students must not attend work or school if unwell, even with mild symptoms of COVID-19.”

Finally, may I wish everyone a good break as we head into the Term 3 holidays. With Spring bringing lovely weather, I hope people have a chance to relax, refresh and enjoy before returning to school on Tuesday 5th October.

Young School of Music

Please be advised there will be no music lessons this week.

Bacon & Egg Rolls

This Thursday morning we will be having bacon and egg rolls under the new COLA next to the art room. Available to all students at no cost.

Tell Them From Me Survey

Parents, please keep an eye out in the next week for the link to complete the Tell Them From Me Survey.

Home Learning Devices

Please return any devices and internet equipment that was borrowed to facilitate home learning as soon as possible.

Primary News

We are so very excited to be back to school and teaching face to face. Well done on all of your efforts to complete home learning. We are very proud of the students' commitment to their education and are grateful for parents support to assist students with their learning throughout all of home learning.

We are excited to hold a bacon and egg roll breakfast on Thursday morning and a fun activity session on Friday afternoon. While it is important to get students back into the routine of school, we are also looking forward to celebrating the end of term together with these fun activities.

Enjoy the holiday break, stay safe and we look forward to seeing students back at school at the beginning of Term 4.

Year 3/4

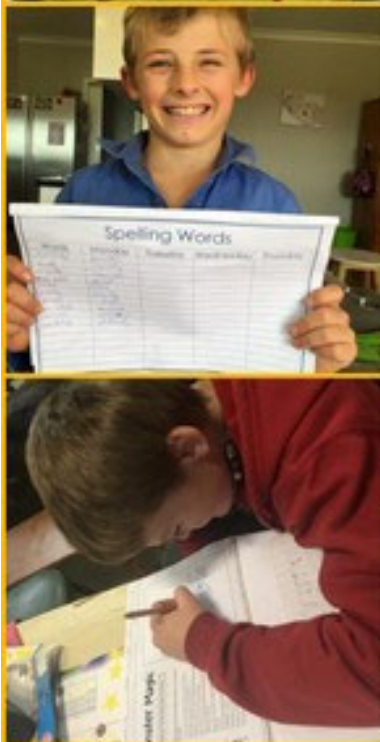

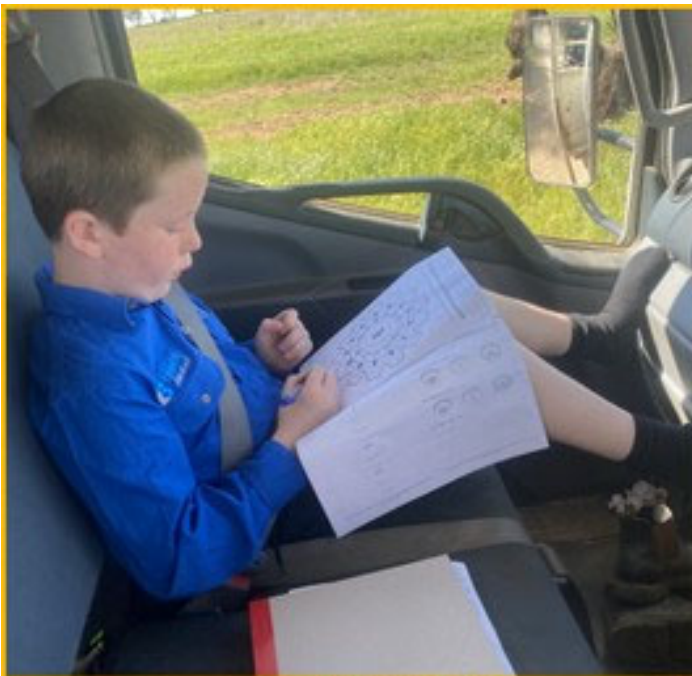

We made it! I am so incredibly proud of my wonderful class. Everyone has worked so hard; completing set daily tasks to hanging out the washing, mowing the grass, dancing with your family and some even helping around the farm. Virtual learning was definitely a challenge at times but wow don't we all appreciate coming to school everyday!

Bring on a fresh start in Term 4!

Secondary News

Electives Day

Due to the current COVID restrictions on schools, Elective's Day will run slightly differently this week. Being a B week timetable, a majority of students would either be studying Industrial Metals or Hospitality, so it won't affect them. For those students that would normally travel to Barellan or Ardlethan for subjects such as Drama, they will be remaining at Arian Park. Those students will have their lessons delivered via Microsoft Teams, so students are required to bring their laptops on this day.

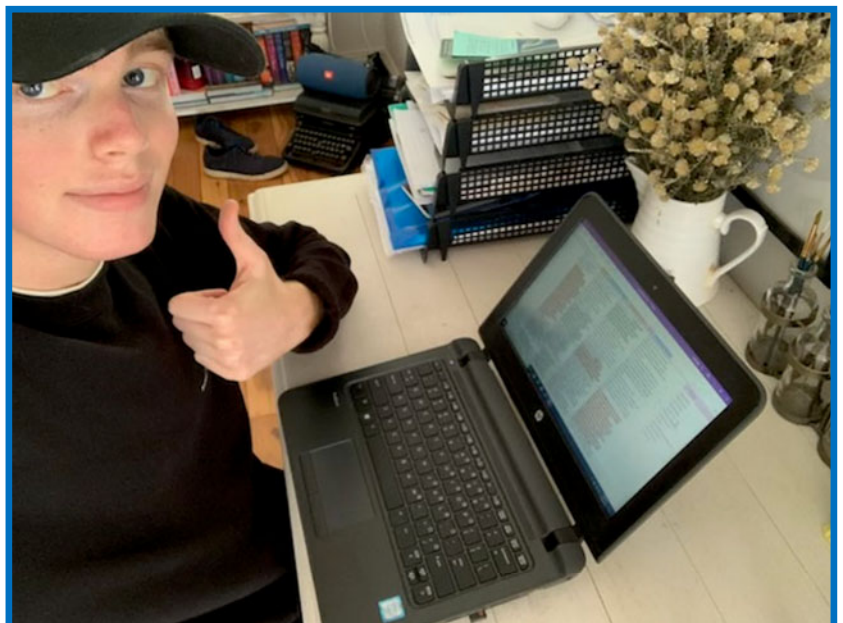

Miss Saffy

The Garden Patch Cafe

On Tuesday during Elective's Day, Hospitality students will be offering all Secondary students the opportunity to experience their culinary abilities by offering a variety of non-alcoholic beverages to be purchased.

There is no cost associated with this for the students, but it does allow the Hospitality students the opportunity to finish practical tasks that they have been unable to complete during lock-down. A specific menu will be provided on the day.

School News

Year 11 Information

Year 11 students are still in the midst of their assessment period, which replaced the formal examination period. Replacement tasks are due at 3pm each day via Moodle or Teams for subjects on the assessment timetable. Students may remain at home to work on these, if they wish. No regular Year 11 classes will run until this Friday Week 10.

A survey was also emailed to Year 11 students for them to indicate if they intend dropping a subject for Year 12. This survey is not binding but assists with planning. Students can access a form on their 2021 Student Information Moodle to complete and have signed by their parent and class teacher to formally withdraw from a course.

Mrs Drumore

Year 12 Information

HSC Reports are due to be issued this Friday.

The updated HSC Exam Timetable has been issued by NESA and was emailed to students yesterday. Students are encouraged to put the dates and times of the exams in the calendar on their phone.

The Year 12 Farewell assemblies have been postponed from this term until next term, with further information to follow when guidelines are clearer. At this stage, there will be no formal RAP Graduation this year.

Students are encouraged to work hard over the next six weeks or so. We are more fortunate than our city peers in being able to return face-to-face for assistance with learning so we need to make the most of our opportunities at present.

School News

Henri Matisse By Art Critic Georgia McCormack

Henri Matisse was a French artist who was known for his use of colour. He also was known as a draughtsman printmaker, sculptor, and primarily as a painter. In one of Matisse's last decades, he deployed a couple of simple materials like white paper and gouache to create works of a wide range of colours and complexity. A pair of scissors was the tool Matisse used to transform paint and paper into a world of plants, animals, figures, and shapes.

This artwork is called The Sheaf.

The size of this artwork is 2.94m x 3.5m

The date of The Sheaf when it was created was 1953.

This was done with Gouache on paper, cut and pasted on the background than was put on Canvas.

The gallery it was presented in was Van Gogh Museum.

Features: Some features of this painting are that he uses lots of different colours. He also used gouache paper cut-outs and pasted them onto a canvas. The texture of this painting is a bit rough although at the same time smooth due to the collaged coloured paper. The shape of it is a square-shaped canvas and the images on the canvas are organic leaf shapes.

Review Critiquing: My review of this artist is that he is a good artist. He put lots of texture, lines, tone into his artworks. My opinion towards his artworks is that I like his them. They are very good and he has taken a lot of care with them. It would have taken him so many hours, days, months, and years to do all his artwork. It would have been months or years even before he finished his very first artwork. He would have created many sketches to get them right.
